

## LIFE-ADVICLIM Meeting

28/29/30 January 2020 in Pamplona and Olite (Spain)

### **Day 1: LIFE-ADVICLIM project members' meeting**

**Venue- Edificio Los Olivos, Universidad Pública de Navarra, Pamplona**

<https://goo.gl/maps/NrPNCnfYtCenTZys7>

**9:30:** Welcome and presentation of the meeting (G. SANTESTEBAN and H. QUENOL)

**9:45-10:15:** Highlight on the work on "climate change and viticulture" carried out by the "*Universidad Pública de Navarra*" team (G. SANTESTEBAN)

**10:15-10:30:** General presentation of ADVICLIM project (H. QUENOL)

**10:30-11:00:** Agro-climatic modelling at the scale of pilot sites (R. LE ROUX/H. QUENOL)

**11:00-11:30:** Coffee break

**11:30-12:00:** Adaptation of cultural practices to climate change (C. TISSOT/M. ROUAN)

**12:00-12:30:** Mitigation of GHG emissions from agricultural practices under climate change scenarios (E. ADOIR/ S. PENAVAYRE)

12.30-14.00: Lunch

**14:00-14:30:** Transfer of information to the wine sector via the VIDAC platform (S. LOUVET/J. CAUBEL)

**14:30-15:00:** Socio-economic assessment and environmental indicators (C. FOSS/M. HOFMANN)

**15:00-15:30:** Case study: Highlight on Pomerol/Saint Emilion pilot site (L. DE RESSÉGUIER/T. PETITJEAN/L. DAVID)

**15:30-16:00:** Case study: Highlight on Cotnari pilot site (T. PETITJEAN/L. IRIMIA/C. PATRICHE)

**16:00-16:30:** Coffee break

**16:30-18:00:** Review of the LIFE-ADVICLIM project with presentation of communication materials (synthesis brochures, sheets, leaflets, etc.). Other projects and future projects. (S. PENAVAYRE/H. QUENOL). Discussion with the members of the Advisory Board.

**19:00:** Visit to Pamplona city centre and dinner

**WiFi account: UPNA**  
**User: adviclim@inv**  
**Password: 182411**

## **Day 2: LIFE-ADVICLIM networking meeting**

**Venue- Department for Rural Development and Environment, Government of Navarra, Pamplona**

<https://goo.gl/maps/XHGU9y2bbJ6Mdiph6>

**9:00-9:15:** Welcome to attendees

**9:15-10:00:** Short presentation of participant projects (5 mins each)

Hervé QuénoI (LIFE-ADVICLIM)

Mario de la Fuente (LIFE-PRIORAT-MONTSANT)

Meissa García (LIFE SARMIENTO)

Xavier Aranda and Felicidad de Herralde (LIFE MEDACC, LIFE EBRO-ADMICLIM and ACCUA, already finished, and ongoing LIFE MIDMACC, CLIMAVID21)

Delia Sola (LIFE NADAPTA)

Ana Aizpurua (VITISAD – POCTEFA)

Diana Marín and Gonzaga Santesteban (VITES QUALITAS – POCTEFA)

**10:00-10:30:** Discussion on hot-topics on grapevine and sustainability and Climate Change (1): Adaptation strategies in viticulture (Moderation by K. VAN LEEUWEN)

**10:30-11:00:** Discussion on hot-topics on grapevine and sustainability and Climate Change (2): Mitigation strategies in viticulture (Moderation by S. PENAAYRE)

**11:00-11:30:** Coffee break

**11:30-12:00:** Discussion on hot-topics on grapevine and sustainability and Climate Change (3): Measuring the impacts of viticulture. Climate Impact Indicators (Moderation by D. SOLA)

**12:00-12:30:** Final discussion (Moderation by HERVÉ QUENOL)

**12:30:** Departure for visit to the pilot site (Carbonera, La Rioja)

Lunch will be organized in our way there

**15:30:** Visit to the Pilot site

**18:00:** Visit to Olite, Bodegas Ochoa, and dinner

**Day 3: The challenge of climate change for European Winegrowing Tools for adaptation  
Current and future state of the wine sector in a changing environment**

**Workshop with winegrowers and stakeholders**

Registration: <https://jornada-viticeurope.weebly.com/> or send an email to [blanca.mayor@unavarra.es](mailto:blanca.mayor@unavarra.es)

**Venue- Estación de Viticultura y Enología, Olite, Navarra**

<https://goo.gl/maps/49USiUERrV4zAGb58>

**9:00:** Welcome to attendees

**9:15-9:30:** Opening and presentation of the Day

David Palacios (Presidente del C.R.D.O. Navarra)  
Gonzaga Santesteban (Universidad Pública de Navarra)  
Hervé QuénoI (CNRS/Université de Rennes 2)

**9:30-10:10:** How to develop climate change adaptation strategies for the wine sector? The French experience\*.

Nathalie Ollat (INRAe-ISVV)  
Jean Marc Tousard (INRAe)

**10:10-10:30:** Importance of the high-resolution study of climate change adaptation scenarios in different wine-growing regions - The LIFE- ADVICLIM Project\*.

Hervé QuénoI (CNRS/Université de Rennes 2)

**10:30-11:00:** Adaptation tools (1). Conception of the vineyard

Vine management system - Julián Palacios (Viticultura Viva)  
Graft: Diana Marín (UPNA)

**11:00-11:30:** Coffee break

**11:30-12:00:** Adaptation tools (2). The plant material

New varieties - Feli de Herralde (IRTA)  
Recovery of varieties and traditional biotypes - Félix Cibriáin (EVENA)

**12:10-12:30:** Adaptation tools (3). Farming operations

Plant management and irrigation – Gonzaga Santesteban (UPNA)

**12:30-13:00:** Winegrowers perceptions and attitudes towards adaptation within a changing climate\*

Etienne Neethling (ESA-Angers)

**13:00-14:00:** Round table: Experiences and Projects. Moderated by María Paz Diago (Universidad de La Rioja – ICVV)

Meissa García (EuroVértice Consultores S.L – LIFE SARMIENTO)

Javier Abad (INTIA – LIFE NAdapta)

Xavier Aranda (IRTA – LIFE MIDMACC, CLIMAVID21 y OBSERVATORI DE LA SEQUERA-LIFE CLINOMICS)

Ana Aizpurúa (NEIKER – Interreg POCTEFA VITISAD)

Gonzaga Santesteban (UPNA – VITES-QUALITAS)

**14:00:** Lunch and end of the meeting

*\*The conference will be in English with Spanish simultaneous translation.*
